

CV – Yoav Ziv

Education

2025 – Present	Tel Aviv University – Ph.D. in Physics (Direct program), Department of Astrophysics, School of Physics and Astronomy. <u>Supervisor</u> : Prof. Dan Maoz.
2024-2025	Tel Aviv University – M.Sc. in Physics (Direct program), Department of Astrophysics, School of Physics and Astronomy. <u>Supervisor</u> : Prof. Dan Maoz.
2020-2023	Tel Aviv University – B.Sc. in Physics, School of Physics and Astronomy. <u>Final Grade</u> : 94 (cum laude) .

Academic Awards

2020-2023	The Program for Outstanding Students of Tel Aviv University
2022	Memorial Scholarship for excellence in B.Sc. studies (Tel Aviv University), in memorial of the late Yeshayahu Lavie.
2020/2021	Dean's List (Faculty of Exact Sciences)

Experience

2024 – Present	<u>Current Research</u> : - Simulations of White Dwarfs population's evolution in the galaxy. - Observational search for eclipsing Double-White-Dwarfs as precursor to calculating mergers rate in the galaxy and as candidates to LISA's detection
2024 – Present	Teaching assistant at Tel Aviv University – teaching lab-A class to undergraduate students of: physics, chemistry, electrical engineering, mechanical engineering, and bio-medical engineering. (Recent rating 6.27 out 7)
2022-2023	The Andrei Sakharov Excellence Project – Personal research program for undergraduate students in Tel Aviv University. - Supervisors: Prof. Dan Maoz, Dr. Mathew Green - A search for compact companion in short-period binaries
